### Time

30 minutes

### Introduction

This engaging board game can be used to practice or review superlative adjectives and sentence structure.

### Procedure

Explain that the students are going to play a board game where they use superlatives to talk about various topics for 30 seconds.

Divide the students into groups of three or four.

Give each group a copy of the game board, a dice and counters.

Have one student keep the time in each group.

Students place their counters on the start square.

Students then take it in turns to roll the dice and move their counter along the board.

When a student lands on a square, they use superlatives to talk about the topic on the square for 30 seconds without stopping.

If a student can't think of anything to say, forms a superlative adjective incorrectly, uses the wrong sentence structure, or stops talking before the 30 seconds are up, they must go back to their previous square.

The first student to reach the finish wins the game.

As an alternative, you could have the students miss a turn instead of going back to their previous square.
